Disinfection

Baktolan® vital

Stimulating hydro-gel for a better blood circulation and preserving skin elasticity.

Baktolan® vital

Advantages at a glance
- promotes skin blood circulation
- pleasant cooling and stimulating effect
- may cause a pleasant warming of the skin[1)]
- retains skin elasticity
- significantly skin tightening for at least 1 hour
- contains rosemary, arnica, eucalyptus and menthol
- fragrance- and preservative-free
- free of parabens

[1)] A warming sensation of the skin might be noticed. However, the skin temperature is not being affected.

Application
Baktolan vital is a hydro-gel to promote the blood circulation of the skin and can ease tenseness due to the addition of selected essentials oils such as rosemary and menthol. Protective substances such as Arnica Montana Flower Water preserve the elasticity of the skin and help to prevent incubitus.
Baktolan vital is completely absorbed and leaves no unpleasant sticky film on the skin.

Areas of application
Baktolan vital is recommended as a supportive measure for the treatment of general insufficient skin blood circulation, to ease tenseness and to assist decubitus prophylaxis.

Baktolan vital is particularly suited for the use in

- geriatric facilities
- clinics and nursing homes
- ambulant care
- practices for physiotherapy and physical therapy

Directions for use
Apply to the respective part of the body and gently rub in.

The following applies for all hydro and active gels:

For external use only. Do not use under occlusive conditions. Do not apply to mucous membrane, damaged skin (e.g. sunburn) and open wounds. Keep away from eyes. Not suitable for infants and small children. Keep out of reach of children. Keep away from sources of ignition – no smoking. There are no scientific studies available for the use of this product during pregnancy or breastfeeding.
