

Membership

Get the new Clarius Membership advantage to fast track your journey to mastering ultrasound.

Cloud Management

Organize your exams, make annotations, generate reports, share exams, and access them from anywhere with Clarius Cloud.

Manage Exams
Manage your exams and build reports anywhere, anytime with unlimited Clarius Cloud storage.

Review and Share
Make notes, send exams for review, export PDF reports, and more.

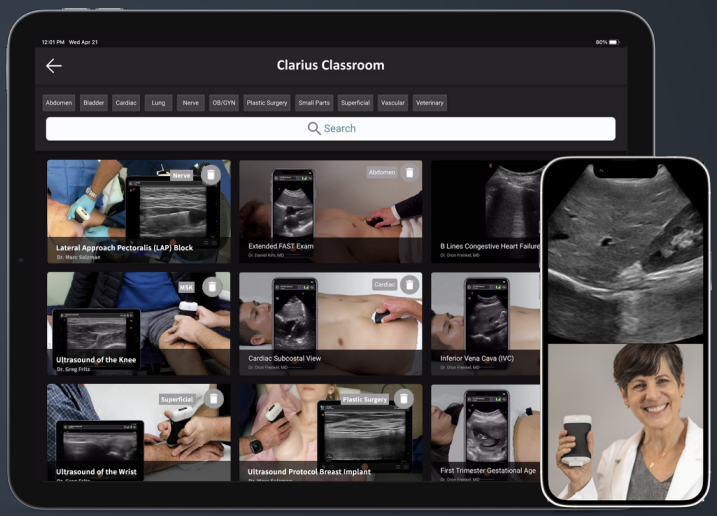

Access Anywhere
Access your exams stored in Clarius Cloud from anywhere you have an internet connection.

Generate Exam Report
Easily create customized PDF reports for printing, archiving, and sharing.

Education

As a member, you'll enjoy both in-app video tutorials plus new online live training sessions with Clarius Clinicians who will answer your questions and help you get the most out of your Clarius HD3 scanner for your specialty.

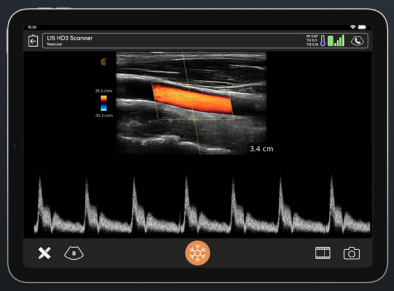

Clarius Classroom
Gain access to 100+ video tutorials within the Clarius App.

Clarius Live
Get a 2nd opinion from a colleague with one-touch telemedicine.

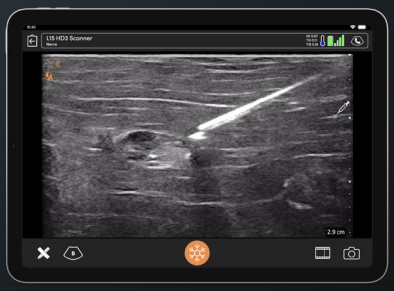

Clarius Training
Get access to our monthly ultrasound training sessions.

Imaging Modes

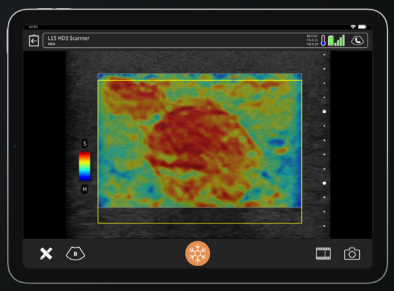

Take full advantage of our 192 piezoelectric crystals and octal beamforming technology to power imaging modes never before seen in handheld ultrasound. Get the clinical insights you need without the complexity of a large system.

Pulsed Wave Doppler

Needle Enhance

Elastography

Advanced Software

Refine and personalize your experience with Advanced Software Packages powered by artificial intelligence and purpose-designed for your specialty. From dedicated presets to comprehensive measurements, these packages fine tune imaging and streamline workflows.

✓ Included with Membership Only ✓ Included – Not Available

Is the Clarius Membership required to use the scanner?

The Clarius Membership is an optional add-on that adds more features and automation to your Clarius Scanner for more efficient imaging, workflow, and cloud access.

What happens if I don't renew the Clarius Membership?

If you decide not to renew your Clarius Membership, you will lose access to its three pillars – Clarius Cloud, Clarius Education, Advanced tools, and the functionality these pillars provide. The pillars are only available with the Clarius Membership, and are not available individually.

Do you need another Membership if more than one person uses the device?

No, you don't need another membership if another user in your Clarius Cloud Institution uses the membership scanner. The Clarius Membership is tied to the scanner so all scanner users access the extra functionality the membership offers.

About Us

Clarius is on a mission to make accurate, easy-to-use, and affordable ultrasound tools available to all medical professionals in every specialty. With decades of experience, the team knows that great ultrasound imaging improves confidence and patient care. Today, Clarius wireless ultrasound scanners connect to iOS and Android devices, delivering high-resolution imaging traditionally only available with bulkier, high-end systems at a fraction of the cost. Over two million high-definition scans have been performed with Clarius, now available in over 90 countries.
